

**Don't tell me your age; you probably would tell a falsehood anyway  
- but the Mayfield Chocolates Man will know!**

## **YOUR AGE BY CHOCOLATE MATHS**

**This is pretty neat.**

**DON'T CHEAT BY SCROLLING DOWN FIRST!**

**It takes less than a minute .**

**Work this out as you read ....**

**Be sure you don't read the bottom until you've worked it out!**

**This is not one of those waste of time things, it's fun.**

- 1. First of all, pick the number of times a week that you would like to have chocolate (more than once but less than 10)**
- 2. Multiply this number by 2 (just to be bold)**
- 3. Add 5**
- 4. Multiply it by 50 -- I'll wait while you get the calculator**
- 5. If you have already had your birthday this year add 1759 ..  
If you haven't, add 1758.**

**6. Now subtract the four digit year that you were born.**

**You should have a three digit number**

**The first digit of this was your original number (i.e., how many times you want to have chocolate each week).**

**The next two numbers are**

**YOUR AGE! (Oh YES, it is!!!!!!)**

***THIS IS THE ONLY YEAR (2009) IT WILL EVER WORK, SO SPREAD IT AROUND WHILE IT LASTS.***
